Al,

I attached a copy of the spill procedure I worked up for you. If you can't open it, let me know. I can try to make it a different format, or I could just make a copy and bring it down to you at some point.

Also, if you want me to change any of the wording, let me know. Like who to contact in case of a large spill. I just put you and left the rest up to discretion.

Let me know, thanks,
Evan
